DESCRIPTION

The Zebra Bicolore 4 leg and Sled chairs feature a two colour recyclable polymer body, with the inner side in a polished white and the outer side with a faceted polished surface. The 4 leg frame is made from tubular chromed steel, 16mm in diameter, while the sled uses 11mm solid chrome steel tube. The Zebra Bicolore 4 leg chair and sled are both CATAS tested. The Zebra Bicolore chairs can be stacked in groups of 4. Both products are recommended for indoor use only.
