

PixelTUF discreetly presents both mains and power delivery USB fast charging in an ultra-compact form. PixelTUF provides the solution for easily accessible multiple power and USB charging options in a single easy to install module.

Perfectly suited to office, education and public spaces, hospitality, hotels, and break out areas – the addition of the versatile PixelTUF to any commercial project is only limited by the imagination.

Specify PixelTUF with Australian or a wide range of international power socket options. Fast USB charging of up to two mobile devices is provided via the fully integrated TUF PD USB fast charger. Unique to OE Elsafe is the reversible A port which accepts connector cables both ways for a single attempt connection every time.

PixelTUF is available in black or white with black, white or a satin silver grommet ring. PixelTUF's unique shape is designed to ensure protection against liquid ingress as required by AS/NZS3000.

## Pixel TUF Dimensions

## Fitting:

Fitting PixelTUF couldn't be simpler. Most desks have an industry standard 80mm hole already in place. Simply take the fixing nut off your PixelTUF, feed the cables through the hole and gently slide your PixelTUF into place. Make sure your PixelTUF is facing the desired orientation and screw the fixing nut back on until it is firmly in place. PixelTUF will fit any surface from 1mm to 40mm. Please see website for further details and video.

## Additional Features

- Dynamic voltage adjustment to compensate for cable voltage loss
- Protection from external surges
- Blue LED fast charge / Green LED super fast PD charge

Features
